

REPRESENTATIONS ON USING THE IPv6 READY LOGO

To Users:

The IPv6 Ready Logo is to be used by individuals/companies that have assessed that their products or technologies comply with the requirements designated by the IPv6 Logo Program Committee.

The IPv6 Ready Logo can only be used under the following representations made by individuals/companies who desire to use the IPv6 Ready Logo. Please understand that this IPv6 Ready Logo Programme is built upon your trust to such individuals/companies' representations.

To Applicants for use of the IPv6 Ready Logo:

Please insert your information in accordance with the entry sheet, review the following and make the necessary representations for your use of the IPv6 Ready Logo by clicking of the designated button.

[Entry Sheet]

Name

Address

Name and Title of Contact Person

Tel/Fax/E-mail Address

Date

We hereby make the following representations (the "Representations") for the purpose of using the IPv6 Ready Logo.

1. Definitions

Unless the context otherwise requires, the following words and expressions shall have the following meanings:

"Committee" shall mean the IPv6 Logo Program Committee which is working under the supervision of the IPv6 Forum, whose purpose is solely to set guidelines for the application of the Logo and to monitor the use of these guidelines.

“Confirmed Product/Technology” shall mean our products and/or technologies as specified by us in the application form submitted to the Committee, and confirmed by the Committee for which the requirements designated by the Committee to confirm their interoperability are fully satisfied. Any update and/or modification of or to Confirmed Product/Technology shall also be deemed as Confirmed Product/Technology to the extent that such update and/or modification satisfies the said requests, and that we request and want such conformity.

“Confirmed Category” shall mean one of the following categories to which our Confirmed Product/Technology belongs:

- Router BOX
- Host BOX
- Operating System
- Protocol stack

“Logo” shall mean the IPv6 Ready Logo which is indicated on the above.

2. Representations

We represent and warrant as follows:

- (a) The information provided in the application form submitted to the Committee by us are accurate and complete. Our Confirmed Product/Technology fully satisfies the requirements designated by the Committee.
- (b) We shall use the Logo solely for the Confirmed Product/Technology that actually meets the requirements designated by the Committee with respect to the Confirmed Category. We shall not use the Logo for any product/technology other than the Confirmed Product/Technology even if it belongs to the Confirmed Category.
- (c) We shall only display 1 (one) Logo at a time for the Confirmed Product/Technology that meets the requirements designated by the Committee with respect to the Confirmed Category. It is understood that we shall not use or display more than one Logo for any Confirmed Product/Technology.
- (d) We shall only use the Logo solely for the following purposes in order to:
 - i. promote IPv6;
 - ii. encourage all organizations that will deploy IPv6;
 - iii. indicate to public procurers and users the information of interoperability and conformance for IPv6 equipments and services; and
 - iv. indicate that the product/technology meets all requirements set by the Committee for use of the Logo.

We shall not use the Logo in any way that would associate it with any individual or company logo or brand.

- (e) We shall use the Logo solely in accordance with the IPv6 Ready Logo Style Guide which is prepared and amended by the Committee from time to time. We shall not frame, post, upload, transmit or modify in any way, all or any part of the Logo, unless expressly authorized in writing by the Committee.

- (f) We shall immediately notify the Committee if we suspect or discover that the Logo is or will be used for any purposes other than the Confirmed Purposes or that our use conflicts with any of the Representations hereof as a result of upgrading of its Confirmed Product/Technology. In the event that the above notification is provided, we shall provide the Committee with any and all information requested by the Committee in relation to the upgrading of our Confirmed Product/Technology and all information in order to confirm the revised product/technology actually meets the requirements designated by the Committee with respect to the Confirmed Category. We shall not use the Logo for any product/technology which does not meet the requirements designated by the Committee with respect to the Confirmed Category.

*Note: The sentences above indicate that it is not our responsibility for any illegal use of the Logo by others.

- (g) We do not own any intellectual property rights in relation to the Logo.

The terms hereof may be amended at any time in accordance with terms of the Representations as amended by the Committee, after the completion and resolution of public review on the amendment(s). The fact that the terms have been changed will be highlighted on the IPv6 Forum's website [www.Ipv6ready.org], in respect of any changes made within the previous 30 days. The amended terms will be effective immediately upon posting on the said website and we hereby irrevocably and unconditionally agree to be bound by the amended terms from the date of the posting on the said website. The terms hereof may not be amended otherwise.

Do you hereby acknowledge that you have read, and agree to make the above representations for your use of the IPv6 Ready Logo?
